

ASG ClaimSense™

ASG Risk Management is a leading specialty Managed Group Underwriter (MGU) of comprehensive stop-loss medical insurance coverage.

With a deep commitment to providing exceptional, personalized customer service, ASG has been a reliable and experienced partner for TPAs and brokers seeking professionally managed self-funded insurance options since 2003.

Redefining the MGU Paradigm

Our experienced team of reinsurance professionals follows a streamlined service model based on direct relationships and a unique, combined underwriting/marketing approach. Offering proactive and responsive service at every turn, ASG offers innovative products with a national reach.

- Streamlined client service model
- Proactive approach to claims management
- Keen focus on personalized customer service

A Proactive Approach

ASG Risk Management’s claim philosophy is driven by a functional approach that begins with the Underwriting process and concludes with a claim reimbursement check. Along this spectrum is a continual flow of information between in-house staff and out-sourced firms. The overall process is guided by the highest standards of integrity that permeate an efficient, prompt claim management process.

Proactive claim management policy
